

**Course Title:**

# How to Avoid Mishaps in Endodontics

**Course Description:** Endodontic mishaps or procedural accidents are those unfortunate accidents that happen during treatment, some owing to inattention to detail, and others being totally unpredictable. These mishaps may have dentolegal consequences. It is helpful for dentists to know the underlying cause of these problems to enhance their knowledge for future patients.

**Learning Objectives:**

Upon completion, participants will be able to:

- Describe different types of difficulties.
- Discuss methods to correct any complications.
- Explain how a mishap may impact the prognosis of the tooth involved.

Continuing Education Recognition Program

Centric Education is an ADA CERP Recognized Provider. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry. Centric Education designates this activity for 2 (two) continuing education credits

Centric Education is designated as an approved PACE Program Provider by the Academy of General Dentistry. The formal continuing education programs of this program provider are accepted by the AGD for Fellowship, Mastership and membership maintenance credit. Approval does not imply acceptance by a state or provincial board of dentistry or AGD endorsement. The current term of approval extends from 3/1/2017 to 2/29/2020  
Provider ID#357187
